HPX – PMC meeting notes

Present:

Hartmut, Mikael, John, Adrian, Auriane, Gregor, Thomas, Katie

Hartmut

Will work on list of pull requests

Migration and cross pool tests continue failing

- Hartmut will work on failing migration tests
- John suggests disabling the cross pool test for now

Mikael

HPX 1.5.0 release fixes discussed

Discussion about executor PR and the one synchronous algorithm

John

CSCS approves moving forward with HPX course

- Possibly at C++ now / or through CSCS
- Collaboration with LSU, CSCS, HLRS

Marc Snir / LCI library – collaboration looking for tasking framework, interested in HPX

Thomas

Parcelport discussion
